

Program Ops – BOD November 17th

- YMCA Snohomish requested to join WEST Division 4 AGI meet and was approved as long as they are USAS and PNS members.
- TPC is working through an error in the Divisionals meet entry files and time standard for the 100IM. Once provided an updated time standard, Linda will adjust the standards files.
- Clubs that have ribbons from previous years with the older PNS logo were approved to use their remaining stock prior to purchasing additional awards.
- When the meet bid packets are sent out each year, we will need to include language that reminds teams bidding to host on Regionals and/or Sectionals that they will need to budget for the cost of the travel, hotel, and food for two Officials. Ed will present more information.
